

President Trump

Thursday, 10 November 2016

Snake Oil Salesmen know that simplistic solutions to complex problems will be bought by many. Example - Trump supporters - the Evangelicals - get up; you can walk!

And in some cases they can. Mental problems can be solved by mental solutions. If you believe you cannot walk you can also persuade yourself that you can.

Unless the damage is physical, in which case you will fall over.

Trump can make America great again.

Unless he cannot - in which case he may fall over, taking America with him.
