

Wuthering Heights - JK's version as Heathcliff

Saturday, 10 March 2007

As the wonderful Kate Bush was just shown on Top of the Pops 2 doing her classic, I thought you might like to hear my treatment - singing as HEATHCLIFF.

Kate loved it - I sent her a copy.

By the way she was discovered by Dave Gilmour who spent his youth at Cambridge, much of it in my rooms there.

Later he joined a band called Pink Floyd.

Don't say I haven't been around.
