

Oooh the blood on the floor of the Sunday Telegraph!

Friday, 10 March 2006

We have heard the most amazing details of the way - and the reasons - Sarah Sands was dumped from the editorial desk at the Sunday Telegraph!

Eyewitnesses have been deluging us with uncomfortable information.

One of her few allies was our old friend (and ex Number Two for Nigel Dempster at the Mail... remember him, anyone?) Mandrake.

Let's hope he hasn't damaged himself with the new boss.

Have Patience with Tim, lady!
