

JK's Pauline Collins story...

Saturday, 22 April 2006

The wonderful Shirley Valentine star is playing Queen Victoria in Dr Who BUT...

years and years ago I was asked to write the theme for a strange West End play called... The Night I Chased The Women With An Eel.

Two actors who didn't know each other starred in it...
John Alderton and Pauline Collins.

They fell in love and got married (still are).

And my little known tune remains "their song".

To this day, I believe.

All together now... aaah!
