

DION: Abraham Martin and John: UK/USA 7

Wednesday, 16 August 2006

We were delighted to release this masterpiece on the UK/USA label - it was UK/USA 7.

I think it's fantastic; the story of Abraham Lincoln (freed a lot of slaves); John Kennedy - freed a lot of Americans from the Right Wing; Martin Luther King - freed a lot of black people; and finally Bobby Kennedy - who died fighting for liberty just before this song was written.

We could do with people like these today.

But most of all this is DION's beautiful voice at its best.

I think it's fabulous.

What do you think?

Check out Dion's website. He's still going strong, bless him.
