

Million Dollar Bash - JK 1970

Monday, 23 October 2006

This was a track I recorded in 1970 after hitting the charts with Let It All Hang Out.

It wasn't a hit in the UK but sold a lot in Europe, especially Benelux and Holland.

It's a Bob Dylan song and I really like the way it turned out - especially the high string passage in the backing.

What do you think?
