

The Savile Solution

Thursday, 23 October 2014

It's very simple; everyone involved in this madness should agree.

Stop it NOW.

Give all the monies in Savile's estate to Medecin Sans Frontieres or Save The Children to stop Ebola deaths in Africa.

Lawyers - bravely waive all fees and return those already taken. Ditto monies made by media opportunists. Interview fees, possible compensation, the lot.

Give it all back now.

Close everything down and send the cash abroad NOW.

I guarantee all Savile relations and charities promised money in the will would agree 100%.

This has nothing to do with whether or not he was guilty or innocent. It neither believes nor disbelieves accusers. It simply puts a stop to the madness and saves lives.

No more investigations, no further waste of police time, no more TV shows.

Give the lot to stop Ebola.

Surely NOT ONE PERSON could disagree?
